

## Strategic Places You Can Put Tracts:

(This is NOT an exhaustive list by any means)

- In bill envelopes when you send in your payment to the company
- Credit card offer envelopes (don't sign up for the credit card though) - they provide postage paid envelopes, so it's free!
- Inside the videos that you return to the video store
- Inside books and magazines that you DON'T buy
- In Dr.'s offices on the magazine tables and in the magazines themselves
- In Hospitals near the magazines (throw out all the Watchtower garbage)
- Leave a tract on the table at the restaurant or with the bill- make sure you leave a GOOD TIP
- ATM machines or Pay at the Pump Gas Pumps, in the credit card slot- I recommend using **Living Waters IQ Tests** since they fit perfectly into those slots without getting stuck ([www.livingwaters.com](http://www.livingwaters.com))
- Bank drive thru- after transaction, leave a tract in the transport tube for the next customer
- Letters or Cards to family members, friends, etc.
- By the salt and pepper shakers in restaurants
- On the floor of a store or on the ground outside when not wet- Either crumble up a money tract and throw it on the ground (makes it look like real money) or get some **Wallet Tracts from Living Waters** ([www.livingwaters.com](http://www.livingwaters.com))
- At the airport in all the seats where people aren't sitting
- At payphones
- On an airplane in a magazine or in the magazine holder or in the bathroom
